

Kayla: Good afternoon Aunti

Auntie: Good afternoon Kayla, how are you today?

Kayla: Please I Am doing very fine.

Auntie: hmmm! Your Mum is not yet in to pick you up.

Kayla: Yes Auntie, she is not. Auntie, please I have this magazine with the title' CAN THE BIBLE MAKE YOUR LIFE BETTER', it's very interesting, I want to give it to you.

Auntie: OK Thank you.

Kayla: Auntie you don't look good, is there any problem?

Auntie: hmmm! Kayla, prices have shot very high ... prices of beans, tomatoes, etc...share your weekend market experience with Kayla. And talk about the rise in the dollar affecting the economy. Prices are really getting out of hand.

Kayla: Auntie what you are saying is true, my mum buys an apple for Ghc 5.00, but now it's Ghc 7.00. Mum wants to stop buying us fruit.

Auntie: in fact, with my large size of family we spend soo much, it's really worrying, really worrying.

Kayla: Auntie, do you know the bible spoke about these days??

Auntie: Really?

Kayla: Yes, please if your phone is here, open to 2 Timothy 3:1 and read.

Auntie:!! what?? The Bible has said this?

Kayla: Yes, Auntie, please did you note the first 3 words??

Auntie: it says "BUT KNOW THIS",eehhh!! this means the bible is making us aware of what is happening. Hmmm!!! truly we are living in the last days and these are critical times so hard to deal with.

Kayla: Yes Auntie we are. But the bible gives us comfort. Psalm 72:16 "There will be an abundance of grain on the earth; On the top of the mountains it will overflow. His fruit will flourish as in Lebanon"

Auntie: Yes, this is really comforting. Thank you, Kayla, for giving me hope.

Kayla: Am very happy you are smiling now!!

Auntie: oohh!! Your mum is in, see you tomorrow.

Kayla: Goodbye Auntie, see you tomorrow

Auntie: Good bye Kayla.
